

September 2017

Euroresins Benelux appointed as sole distributor of United Initiators NOROX®

We are pleased and proud to announce that as of November 1st, 2017 Euroresins Benelux B.V. will become the sole distributor for United Initiators NOROX® organic peroxides for the composite market in the Benelux.

This Agreement means that both Euroresins Benelux B.V and United Initiators will supply the Benelux market with a complete portfolio of the best quality curing systems. Of course this all will go hand in hand with top of the line technical and safety support.

Euroresins:

living, Leading, Linking Composites Being at the forefront of innovation and service, Euroresins, together with our reliable partners, set the market standard in composite's raw materials distribution. We continue to represent a leading presence in the composites market across Europe including the United Kingdom, Benelux, France, Spain, Italy and Scandinavia.

United Initiators:

United Initiators is a world leading manufacturer of organic peroxides and persulfates. Our products are essential for a multitude of indispensable things in modern daily life. Whether it is renewable energy, coatings, adhesives, energy efficiency, construction or environmentally friendly disinfection – to name a few – we drive it!
